4) There is no objn to the work being done in the Secrets. Perhaps Ramaiya can do this in addn to his ordinary duties out of office hours if necessary — an honorarium being given after the compilation is effd as in the case of Jog's New Manual. Ramaiya has drafted to Muzrai Secn to evolve some order & method in that Secn so place him on deputation not take him away from his legitimate sphere of work and entail additl expenditure in having to replace him in Inspection

is very inadequately manned, that each case worker has got the work of 3 men, and that I have to take up important Case work in addn to other duties devolving upon me as one placed in charge of the branch. There is not a day without my taking work home, so that without the manual compilation work, I have been working out of office hours

So heavy is the Branch work that frequently the personal clerk of the Mucr. Supdt is entrusted with that work which he has to work at very often at home.

10) added to this heavy work of the Mucr. Branch, I have got the work of the Mucr. Supdts Office also which I am the Ex-officio Manager, as such, I have also to look after the correspondence relating to the Sanskrit College at Bangalore, the Ayurvedic College at Mysore, the Mutts under Govt management, and the Devipatn charities.

11) As the under Secy to Mucr: Supdt knows personally of the heavy strain under which I have been working, it is needless for me to specially represent at any great length the Physical impossibility of the manual compilation work being done by me to any degree of satisfaction in addition to my work in the Branch & Mucr: Supdts Office.

~~13~~ The enquiries made by me also lead to the same conclusion. For some time past applications appear to have been made to the Registrar for more clerical assistance in the Boards. This matter will be separately represented with the necessary statistics and other information.

14 I agree with B. Ramiah in thinking that it is almost physically impossible for him to attend to the Compilation work in addition to his present duties. I am afraid sanctioning an additional head to the Mys. Suptd's office for the manual work as suggested by the Secretary, will hardly meet the situation. What is wanted is a Superior man with a knowledge of the department and Ramiah is the only person I can think of in this connection. As was pointed out by the Mys. Suptd it would

25 If as was to be expected an index was kept up for these collections, all the purposes of a manual for this minor department would, I think, be fairly served. However a manual will be more handy and has been already ordered to be got up. I think the proposal made to place Ramayya on deputation is suitable and may be sanctioned.

I have however some apprehension that fresh material may be forthcoming when the old records of the Mizorai Secretariat are sorted, which may deserve incorporation in the Manual. In any case the work will have so far advanced that it would be unnecessary to extend the deputation for any further period. If by any chance there should remain some further work to be attended to, before the final Submission of the Manual Ramiah will attend to it in addition to his other duties in the

OFFICE OF THE MUZRAI SUPERINTENDENT IN MYSORE,

Dated Bangalore,.....27th.....May.....1913.

2091

FROM

G. Aravamudu Iyengar, Esquire, B. A., B. L.,
THE MUZRAI SUPERINTENDENT
IN MYSORE.

12/13
Muz
680-12

To

K. R. Sreenivasiengar, Esquire, M. A.,
Offg. Secretary to the Government of His Highness the Maharaja
of Mysore, General and Revenue Departments.

SIR,

Adverting to para 3 of Government Order no. 2067-77/Muz. 5?2-12-1 dated 16th May 1913 directing the preparation in the Muzrai Superintendent's Office of a complete and up-to-date list of Muzrai institutions with their endowments in cash, land etc., and of a draft Manual for working the Department including a compilation of the standing orders of Government in the Department, I have the honor to state that there is at present no hand in the Muzrai Superintendent's Office who can be entrusted with the work. The Office is poorly manned and the only person who could have been expected to render any satisfaction was C. Krishnamachar, Head Clerk of the Office whose long experience in the Department would have been of great assistance in this direction. He is however, absent on medical leave and as his health is reported to be still bad, there is no knowing when he may rejoin duty. Another hand has been appointed temporarily on the pay available but being new he is not likely to be of much use in the preparation of an office manual.

The only arrangement I can think of, is to depute for the work B. Ramaiya, B. A., 1st grade clerk in charge of the Muzrai Branch and also ex-officio Manager of the Muzrai Superintendent's Office. He will have to be relieved of all Branch work and another clerk sent in his stead to the Branch. He has been in the department

the last three years and may be expected to know the material available for the preparation of a correct list of institutions and an office manual.

If the above proposal is accepted, the work of preparation would have been transferred from the Muzrai Superintendent's to the Branch Office, and this would be a convenience as the Secretariat records will have to be constantly referred to. Early orders are solicited as the work has to be put in hand soon.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Superintendent.
